Activities

- ✧ KWAN CHIU YIN Kite Creation Competition

Objectives

- ✧ To help children understand the history of kites and their significance in Chinese culture
- ✧ To encourage children to express their creativity by designing and making unique kites
- ✧ To enhance children's manual skills and teamwork spirit

Introducton to Activities

- ✧ The "Kwan Chiu-yin Kite Creation Competition" aims to allow children to express their imagination and creativity through kite-making. The activity will be divided into two parts: first, children will learn about the basic structure and making techniques of kites under the guidance of teachers, and then they will begin designing and creating their unique kites. Participants will have the opportunity to showcase their kite creations and compete for the most creative and aesthetically pleasing kite. Finally, students will also take part in a kite-flying activity, letting their handmade kites soar in the sky, experiencing a sense of accomplishment and joy.
